Remarks

Enjoy the beautiful expansive views of the Gulf and beach from this 3BR/2.5 bath condo that has been in the same family for 43 years. Located on the 10th floor in one of the best designed and built condos on Siesta Key. The modernist building was designed by architect Frank Folsom Smith, and was ahead of its time. Built with poured concrete and with walls of sliding glass doors in every room to take advantage of the breathtaking views and sunsets of its ideal location on the Southern end of Siesta Village. This unit was remodeled in 2023 with luxury vinyl flooring throughout. Kitchen was opened up to the living/dining areas for a free-flowing floor plan perfect for casual living and entertaining at the beach. The upper kitchen cabinets and breakfast bar are made of monkey pod, an exotic hardwood suitable for tropical climates. Counters are half inch thick porcelain. Soft closing drawers, a pantry, black Kohler sink and wine cooler make entertaining in this sun filled kitchen more enjoyable. The large living space has two walls of glass sliders leading out to open porches with incredible views of the Gulf and beach. The Primary bedroom is off the living area and has views of the Gulf, beach, Siesta Village, I idn, and downtown Sarasota. Monkey pod wood was used in all three bathrooms along
